## Other News

### **Vocab SIG Treasurer**

The Vocabulary SIG's current Treasurer, Jean-Pierre Richard, will be stepping down from his role as Treasurer in March 2025. We would like to thank Jean-Pierre for his many years of service in this important role on our team. He's been an extremely valuable member of our team of officers. If any member is interested in helping out to fill this role, please do not hesitate to contact the Vocabulary SIG President, Mark Howarth, at this email address; [jaltvocab@gmail.com](mailto:jaltvocab@gmail.com)

The treasurer is responsible for managing the finances of the SIG. Duties include completing monthly accounting statements (most months are quick and simple for our SIG) and handling occasional reimbursements to officers. No experience is necessary, and you will be fully supported by current officers. It is a good opportunity to play a larger role in the SIG and work with other people interested in vocabulary teaching and research.

### **Message to Vocabulary SIG members,**

Thank you so much for continuing to subscribe to JALT's Vocabulary SIG. We know that there are many options in terms of which SIGs you decide to join, and we appreciate that you chose the Vocabulary SIG. We hope you are satisfied with your membership of our SIG, and we welcome any feedback to help us improve the services that we provide to our members. Please feel free to drop us a line anytime at [jaltvocab@gmail.com](mailto:jaltvocab@gmail.com).

## Vocabulary Learning & Instruction Call for Papers

The Vocabulary SIG's *Vocabulary Learning and Instruction* (VLI) journal is calling for submissions for an upcoming issue. Submissions will be published online upon acceptance and combined into an issue later in the year.

VLI accepts long-form research papers (2000-7000 words) and brief reports, summaries, and commentaries (2000-3000 words) related to vocabulary acquisition, pedagogy, assessment, and lexical networks.

As an open journal, content is indexed on Google Scholar and made freely available on the internet without paywalls. Authors are also free to make their work available on sites such as academia.edu and ResearchGate.

All submissions are subject to a 2-step peer-review process:

A) Editors review manuscripts to ensure basic requirements are met, and that the work is of sufficient quality to merit external review. This process typically takes 1-2 weeks, at which point authors are informed of the outcome.

B) Submissions which meet these requirements are sent out for blind peer review by 2-3 experts in the field. This process takes approximately 1-2 months. Following external review, authors are sent copies of external reviewers' comments and notified of decisions (accept, accept pending changes, revise, and resubmit, or reject).
